LEARN TO HELP KIDS STAY SAFE AND COMFORTABLE IN THE WATER

Thanks to your kind words and love for our program, our swim community is growing more and more every year. It's hard to keep up with the demand most years.

We're looking for great people to join our team as part-time or full-time swim instructors. If you're interested or know someone who's confident in the water and great with kids, invite them to share their talents while enjoying generous compensation, a flexible schedule, and the chance to teach life-saving skills.
